

Labels In Batch File

Labels Are Like New Block In Batch Script . In Batch Scripts We Can Also Create More Than One Labels

Command :

```
:labelname
```

Example :

```
:firstlabel
```

```
echo Welcome
```

```
:secondlabel
```

```
echo Welcome Again
```

goto In Batch File

Used To Send The Program To Specified Label

Command :

```
goto labelname
```

Example :

```
goto secondlabel
```
